1 Introduction

About KIMPO University(UKP)

Based on the fundamental philosophy of education in Korea, our university aims to foster creative and innovative global talent equipped with core competencies that meet global standards and are centered on field duties, with 'creativity', 'activeness', and 'righteousness' as the ideals of talent. In order to preemptively respond to environmental changes following the onset 4th Industrial Revolution, we are becoming a global university that fosters future talent by realizing innovation in vocational education across industry, academia, and administration based on the Vision HOPE 2025 and K-CAT (Comprehensive Agile Transformation) systems.

In addition, our university is specialized in systematically training K-Culture convergence experts in fields such as K-Pop, K-Beauty, and K-Food, through K-Culture characterization. Through various K-Culture internationalization convergence programs, we are seeking to strengthen global competencies of domestic and foreign students alike based on K-Culture.

In 2022, a global campus will be opened in the Gimpo Han River New City to form a dormitory and K-Culture educational facility that can accommodate more than 500 students to become an educational cultural convergence platform and an innovative university that contributes to the spread of Hallyu culture.
